Drawn up in St. Marcel on January 5<sup>th</sup>, 2012 by CNPP  
Stamp and signature of the conformity assessment director:

This "CNPP Approval" was drawn up on the basis of a single test and not on the basis of manufacturing control or within the framework of a certification or acknowledgement by an insurance specialist. It does not guarantee that the materials marketed are identical to the products submitted for testing. In no case whatsoever may it be considered to certify that the product complies with a certification reference system as defined in article L 115-27 of the Consumption code. Likewise, this CNPP Approval does not in any way bind CNPP Entreprise as to the regulatory conformity of the product or the installation in which the product, which is the object of this CNPP Approval, will be used. Partial reproduction of this document is prohibited. This document allows the industrialist, owner of the product, to use the CNPP Approval logo followed by the words "delivered on the basis of a single test, available on [www.cnpp.com](http://www.cnpp.com), N° 20XX-XXXX", on sales literature specific to the product in question and/or on the packaging of the product in question, with the exception of any marking on the product in question and any other product, in compliance with the DTG.04.002 general terms of sale.

Delivered on the basis of a single test
